Hi Rik,

Here is a draft of Abt's work plan. Please let me know if you have any comments. We have until the 31st to complete review, but I'm hoping we can get back to HQ sooner if it looks good.

Also, did you ever get a chance to make the changes to the Phase 28 and Phase 29 work plans? Terry wanted to find out more about the Temperature Criteria Methodology for the Central Valley Salmonids. I was also hoping we could schedule an end-of-year review in which we can discuss the work plans and any other grant issues that need to be addressed. If there is no time during the holidays, early January could work. I should be in, for the most part, over the next two weeks.

Thanks,
Matt

Hey Guys,

Please see the attached proposed work plan from Abt for WA 2-39. If everything looks OK, please begin the approval process in EAS. I've attached some instructions that will, hopefully, get you going.

In order to ensure that Tammy has as much as she needs to issue her formal approval to Abt, please try to have your review done by December 31st.

Thanks!

Ahmar

Ahmar:

Attached please find Abt Associates' work plan and cost budget for the above-referenced work assignment. The proprietary budget details will be submitted to the Contracting Officer under separate cover. Please let us know if you have questions. Thank you.

Please note that the work plan was also posted to FedConnect.
